Projekty, výzvy a soutěže

The image is a collage of screenshots from several AI competition websites, illustrating various projects and challenges in the field of artificial intelligence:

- ICAPS 2012**: The 22nd International Conference on Automated Planning and Scheduling, held in São Paulo, Brazil, from June 25-29, 2012.
- ECAI 2014 Artificial Intelligence Competition**: International Planning Competition 2014.
- MISTA 2013 Challenge**: The 8th Multidisciplinary International Scheduling Conference, organized by KU Leuven.
- SAT 2013 competition**: A competition involving various solvers for Boolean satisfiability problems.
- Angry Birds**: The popular mobile game developed by Rovio Entertainment.
- The International SAT Competitions web page**: A screenshot of the website for the International SAT Competitions.
